

# 2021 IECC ESSENTIALS

*One-Day Training Seminar*

## Commercial Provisions with Louisiana Amendments

This seminar, provided by the International Code Council (ICC), covers the essential concepts of the **2021 International Energy Conservation Code® (IECC®)** with Louisiana amendments as it applies to the construction of new commercial buildings and alterations to existing buildings.

Participants will better understand the essential code components for **designing energy-efficient building thermal envelopes, energy-efficient mechanical design principles, and electrical power and lighting systems**. They will also be able to locate general topics and key tables in the 2021 IECC.

The seminar will explain the intent behind code requirements and enable participants to apply the requirements to real-world situations. ICC Continuing Education Units (CEUs) are awarded upon completion of this seminar.

**FEBRUARY 4TH, 2025**
